Re: Petition of Franklin W. Olin College of Engineering D.T.E. 01-95

Dear Secretary Cottrell:

This letter is to inform the parties that materials have recently been generated that would be responsive to discovery issued by Boston Edison in this proceeding. Because of Olin College's responsibility to update and to provide responsive materials on a continuing basis, we are providing notice of this material, namely correspondence from WMLP to Olin dated April 16 and April 18, 2002. The first is not provided as it is covered by the joint defense/common interest doctrine and the latter is attached as Supplemental Response BE-1-8.

Should there be any questions, please call the undersigned.

Very truly yours,

Eric J. Krathwohl
